Thank you for use this product which protected by intellectual property.

Please read this instruction manual carefully before

use and keep it for future use.

If the parameter, specification and other information maybe changed, we will not notice specially, please refer to the actual machine

The "optional" are optional functions, please kindly check with the retailer if your machine with these functions

尺寸: 210×148MM 材质: 100g书写纸 黑白印刷

#### **Ecological** • intelligent air purifier

Meditation series · Home use

# Make an ecotypic home to avoid viruses

#### Environment self cicatrization

produces "air vitamin"

•It can generate 5,000,000 "air vitamin" every second which can improve the home environment.

#### Anti bacteria

Restrain the breeding and activity of viruses

•UV light can efficiently kill bacteria and inhibit its activation

#### Healthy air

Healthy air is the basis of health and life

• A child needs 400KG of air everyday, equal to 100 times of an adult needs water per day. So it is very important to the health to improve the air environment of live.

#### ATTENTION

#### ATTENTION

#### Do not power the unit on when using insecticide in the room

Otherwise the insecticide may be stored in the unit and will blow out during the normal working time. It is harmful to the health.

Please ventilate completely after having used the insecticide before turn on the unit.

#### Keep away from alcohol.organic impregnant or insecticide

It may cause cracking short circuit, electric shocking, hurt or fire

#### Do not use in the room with lampblack such as kitchen.

It may cause hurt because the machine is not a ventilator

Please ventilate timely when

used with fire in the room

ventilator

#### Do not blow in any combustible or fired cigarette into the unit.

It may cause fire

#### Do not use in the watery or high temperature room such as the bathroom etc.

Otherwise it may cause creepage. electric shocking or fire.

#### Please hold the plug instead of the cord when unplug the power.

Otherwise it may cause poisoning Otherwise it may cause short circuit. of Co. as the machine is not a breaking of the cord, electric shocking or fire

#### Please remove the plug from the socket if any conditions as below:

- If all switches do not work
- If the power cord or plug hot singularly
- If any peculiar smell, exceptional noise or vibration
- Any other abnormality or failure

#### If the power cord is damaged, please send it to the retailer or service center or technician for repairing. Do not change or repair it by yourself.

#### PRODUCT PERFORMANCE AND TECHNICAL FEATURES

#### Product performance

- HEPA: Using a new generation of composite materials, can effectively remove of particle.
- Activated carbon filter: Biosynthesis of walnut shell, the adsorption area is bigger, it can effectively remove smoke and formaldehyde.
- Photo catalyst: Using titanium dioxide (TiO2) material, its oxidation function can damage the filter captured the cell membrane of bacteria, inhibit virus activity.
- UV lamp: Air is the main path leading to the spread of the virus, using UV air sterilization technology, the environment of natural bacteria killing rate can reach more than 96%.
- Anion: Negative ion is praised as Air Vitamin. People live in the high negative ionic environment, can promote human new and old superseded, improve immunity.
- Ozone: Strong degradation of organic odor and sterilizing function.

(Ozone function is optional, please refer to the actual machine for configuration)

#### Technical features

- Auto mode: It is controlled by computer system which can set "MANU/AUTO/TIMER"mode.
- Safety Switch: The product will power off automatically when the right cover is opened.
- LED color display: It is more convenient to use LED color display.

Professional quality. Technology innovation

# COMPONENT INTRODUCTION

## Operating parts

• Diagram of LED color display

• Diagram of operating button

#### **CAUTIONS BEFORE OPERATING**

#### Placement

- Please keep the machine air inlet and outlet 30cm or more away from the wall and home furniture
- Do not use the machine in front of heat source outlet.

## Power supply

AC voltage

Please don't connect this machine with wrong voltage of power supply, inserting the plug firmly into the power socket.

Power plug

## Disassembling filter cover

• Disassembly diagram

Lift up the unit with one hand and open the side cover with another hand by holding up from the bottom of the cover.

#### · Installation diagram

- 1.Please insert the top part of side cover into the slot.
- 2. Press down the bottom part of side cover, then it's installed well.

# **CAUTIONS BEFORE OPERATING**

#### Installation of the filters

- Take off right side cover.
- Take out HEPA, activated carbon+photo catalyst filter, and tear off its PE bag, please install filters sequentially.

Take off right side cover

Install activated carbon+photo catalyst filter

Install HEPA

#### Installation of the aroma (optional)

- Take off the left cover, P1.
- Open aroma cover, take off aluminium cover and put back to device as P2.

P2

#### **OPERATING INSTRUCTION**

#### Power setting

 To press the "POWER"icon on the product operating panel, machine is entered the initial working status.
 The diagram as following:

### **Function setting**

 To press the "FUNCTION" icon on the product operating panel, the anion, ozone can be chosen individually or multiply or close three functions.
 The diagram as following:

<u> </u>	Ozone(optional function)
8 <b>4</b> 48	Anion

# OPERATING INSTRUCTION

### Mode and timer setting

 Press the MODE button successively to select MANU/ AUTO/1H/2H/4H function.LED shows:

#### Fan speed setting

- Fan SPEED "high, middle, low" can be selected after pressing the "fan speed" icon on the product operating panel.P1
- Sleep mode: pressing "fan SPEED" icon and hold on for 3 seconds, the sleep mode will be on, if pressing any icons, the sleep mode will be cancelled.P2::

P2

#### MAINTENANCE AND CLEANING INSTRUCTION

# Maintenance and cleaning instruction

#### Maintenance and cleaning instruction

Please remove plug from the socket before cleaning and maintenance.

- Cleaning the body for this device by damp cloth, then wipe it dry.
- If machine is too dirty, neutral detergent can be used for cleaning, but please dilute the detergent before use.
- Do not clean the unit with the solvent listed on the right which may cause distortion or discolour.

#### Methods for replacing UV lamp

 Photo sensor is built-in the device, if the UV light is very weak or not lighted, the UV icon on the product operating panel will be flashing; it means UV lamp should be replaced.
 The diagram as following:

## MAINTENANCE AND CLEANING INSTRUCTION

### Disassembly and installation for UV lamp

Take off the filter cover, and take out all filters, then UV lamp can be replaced.
 The diagram as following:

Disassembly of UV lamp

Hold the UV lamp and rotate it for 90 clockwise or anticlockwise, then take it out.

Installation of UV lamp

Hold the UV lamp and rotate it for 90 clockwise or anticlockwise, then install it well.

FAQ

# TECHNICAL PARAMETERS

• If the machine can't work properly, please kindly check as below before you send it out for repair.

Abnormal occurrence	Checking methods	Solution	
Do not work	Please check if the plug is disconnected from the socket.	Power plug should be plugged properly	
Do not work	Please check if the filter cover is installed completely	Recover the filter cover correctly	
Oder can not be removed	Is there a very strong odor in the using environment? (Notes:air should be purified continuously)	Suggesting to ventilate, then start up the machine.	
Odor can not be removed.	Does the using life time for activated carbon filter come to the end?	→ Please replace new filters.	
High noise	Is the PE bag for filter removed?	→ Please take out filters and tear off PE bag.	
	Does the using life time for HEPA come to the end?	→ Please replace new HEPA .	

If the problem is still existed after above inspections, please disconnect the power and send it for repair.

#### Parameters of the unit

Model No.:	B-757
Voltage Supply:	220V,50Hz
Air flow volume(m³/h):	≥150m³/h
Noise level dB(A):	≤40dB(A)
Length of power cord:	≥1. 4M
Product size:	328.8x170x300(mm)
Net weight:	4KG
Power rating (W): 36W	
Applicable area:	25m²(269ft²)
